

MIDCO®

Welcome to Wi-Fi wonderful.

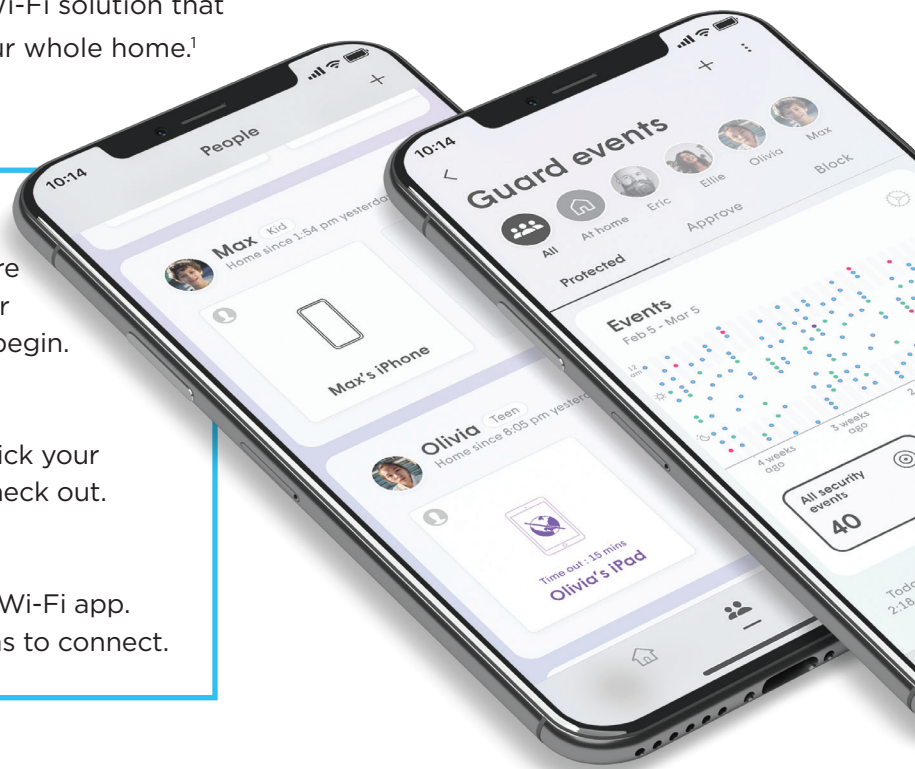

Move-in ready internet.

You don't have to wait for equipment or an install. Everything is already in your new home. In minutes, you can access Midco's fast, reliable internet - with speeds up to 1 Gig. Plus, it's paired with Midco® Wi-Fi, our advanced Wi-Fi solution that ensures an unbeatable connection across your whole home.¹

Setting up services is simple.

- 1 Scan.**
Scan the QR code here or on the front of your Midco equipment to begin.
- 2 Shop.**
Enter your address, pick your internet speed and check out.
- 3 Sign in.**
Download the Midco Wi-Fi app. Follow the instructions to connect.

[Midco.com/ConnectNow](https://www.midco.com/ConnectNow) | 1.800.888.1300

This property is subject to a marketing agreement, which grants Midco the right to access this property to market communication services. This right does not mean Midco is an exclusive service provider. Service from an alternative provider may be available. ¹ Depending on the current setup of a unit and additional Midco products ordered, services may not be readily available, and an installation visit may be required. Call 1.800.888.1300 or visit [Midco.com/Contact](https://www.midco.com/Contact) for support. ² Midco Wi-Fi is available to Midco internet subscribers in select areas. Actual internet speeds may vary. Some restrictions apply. Speeds may also be impacted by third-party equipment (such as your computer or router). Certain locations require Midco Wi-Fi equipment and subscription. Additional fees may apply.
